

# SAVE RI Victim Services

## ASK YOUR REP AND SENATOR TO SAVE VOCA

Massive federal Victims of Crime Act (VOCA) cuts of 40% have left Rhode Island with a nearly \$2 million dollar gap in victim services funding, risking an interruption of life-saving services impacting tens of thousands of Rhode Islanders. Cuts to victim services impact all of us.

We now know there is a budget surplus - please support emergency funding of an additional \$2 million dollars in the state budget. Please act now to save victim services in our state!

42,000 individuals received VOCA-funded services in RI during the 2023 fiscal year.

40% VOCA cuts are coming and will interrupt vital and life-saving services.

\$2 million is needed in the state budget to fund victim services in light of a budget surplus.
